Phil Wright

Started developing at 13 years old in Basic programming language using two finger typing.

Loved the movie Wargames (saw in theater 1983)

Developed first program "Autodialer" which would call every number in Cedar City, Utah 801-586-0000 through 586-9999.

Started first company at 15 - "Movie Lists Consolidated" to get free VHS video rentals from local video stores.

PHP - Web Developer at eBay starting in 2004

Started Touchopia, LLC in 2008 when the AppStore came out. Have been consulting for clients since that time.

Have worked on Apps for clients including Ordinary Mary, Skullcandy, Nickelodeon Kids Choice Awards 2012, Military App and Cricut Design Space.

Currently run a weekly newsletter called SwiftDevWeekly - http://swiftdevweekly.co/
